How it works (**TRADING BEGINS: TBA**)

Each person is given \$25,000 USD in virtual funds to trade with at the start of the competition. Over the course of the month each competitor's daily balance will reflect profit & loss from the previous day. At the end of the month the person with the highest portfolio balance will be the 1st place winner of the top prize. An updated listing of the standings will be posted daily by 10:30 am EST.

The individual with highest portfolio value at the end of competition will receive an Alliance Investment Management Limited Online Trading account valued at \$1,000.00 USD. The individuals with the second, third and fourth highest portfolio values will both receive an Alliance Investment Management Limited Online Trading account valued at \$500.00 USD.
